### COMPLETION

Nestled in the heart of the Bahamas, the project is a captivating blend of the golden era of travel and the vibrant spirit of the '60s, redefining hospitality through inclusivity and contemporary design. Launched in February 2023, this transformative project challenges conventional notions of exclusivity, turning the resort into a residential haven where patrons and guests can immerse themselves in an unparalleled experience.

As one steps into the Resort, their journey begins with a lobby that transcends the ordinary. The purposeful atrium, offering a captivating water view, sets the tone for an experience designed to feel like home. Drawing inspiration from the charm of a 60s Hollywood atmosphere, the lobby and sitting area seamlessly emulate the elegance and intimacy of a sophisticated living room.
